Content of the Short Questionnaire

Your key successes and innovations:
- In the DEVELOPMENT of evidence-based education policies
- In the IMPLEMENTATION of evidence-based education policies

Your expectation regarding
- KIX Hub added value in the development & implementation of evidence-based education policies
- Institutional capacity in the development & implementation of evidence-based education policies

Your country priorities and level of importance with regard to the 6 thematic areas + How COVID 19 impacted these priorities

Other emerging issues to consider beyond the 6 thematic areas.

Remaining 10 countries
Some interesting responses from countries that have already submitted their questionnaire:

- Teaching and Learning, Learning assessment, and inclusivity as top priorities
- Emergence preparedness and response appeared as issues to consider beyond the 6 thematic areas

However, need more details regarding countries priority and the emerging issues coming. Floor to three countries to discuss some details.
